

Case Study

CenterPoint Energy Career Center

Partnership Overview

CenterPoint Energy's vision is to lead the nation in delivering energy, service and value which drives their strategy and performance. They have an unwavering commitment to safely and to reliably deliver electricity and natural gas to millions of customers. CenterPoint Energy partnered with Disability Solutions to proactively and effectively attract, hire and engage talent with disabilities as part of their overall recruiting strategy.

CenterPoint Energy is committed to creating an inclusive work environment where business results are achieved through the skills, abilities, and talents of our diverse workforce. Our partnership with Disability Solutions has been instrumental in our successful outreach to the disabled community. The partnership has resulted in the identification of top talent for our company.
